What you talkin' about, Willis? (Sorry. I couldn't resist.) Lynda has not shared that news with me yet. **Ex. 5 - Deliberative**

I agree. There isn't a single option that doesn't have its problems.

I don't know if Lynda has shared with you yet but there was a call Tues evening with Joelle, Christine and "Willis" (Joelle mentioned that Lynda wasn't able to make it) to get latest de-briefs from Gov's/Whitman meetings. Joelle took notes and shared late Friday with Christine and Lynda, ccing me. **Ex. 5 - Deliberative**

### Ex. 5 - Deliberative

**Ex. 5 - Deliberative** don't have any other context around how/why that was conveyed but interesting to consider and how that may factor in to what direction we take. Where NOAA leadership stands on this is still unknown.

Lynda/Joelle--

Lynda suggested it would be good for us to begin to understand potential decision pathways for the OR ag issue and what implications each pathway may have for the National CZARA program.

As time permits, we'd like to begin this conversation during our National CZARA strategy discussion next week. Don and I put together the attached background doc to help frame our discussion of this issue.

We look forward to discussing further.

Allison
